To whom it may concern

I wish to express my gratitude to you Mr Timbrell and the CSPCA for giving us your valuable time to make this presentation to the 1 IDE class today.

you provided us with valuable, information on the great work carried out by the CSPCA. Without a doubt, you've raised a greater awareness among my class members regarding our treatment of our pets and animals in general.

I wish to present you with this little gift as a token of your appreciation

I remain
yours thank fully
Shane Cronin
